

How To Play

- 1. Shuffle the card deck and place the cards in a stack face down in the center of the table.**
- 2. Pick seven cards if you have two players, or five cards for each player, if you have greater than three players. Hold your cards in front of you similar to how you play Poker so that only you can see them.**
- 3. Ask if anyone has the double-bacon card. If so, have that player place the card face up in the center of the table. If not, ask for the next lowest number card in the series (the double-eight) and so on, until the player that has the highest double-domino card has been found. The player to the left takes the next turn.**
- 4. Play a card in your hand that matches the number of the cards on the table, if you can, placing the matching cards end to end.**
